

RESEARCH CONSORTIUM EVALUATIONS

2008 PERENNIALS

Amorpha nana, dwarf wild indigo

Erodium chrysanthum, yellow storksbill

080003 *Nepeta sibirica*, Siberian catmint

Aster oblongifolius 'Dream of Beauty'

Liatris cylindracea, cylindrical gayfeather

Spiranthes cernua var. *odorata*, nodding ladies tresses

Baptisia bracteata, cream wild indigo

Liatris scariosa 'Alba', white eastern

2008 GRASSES

Andropogon hallii 'Goldstrike' sand bluestem

Carex sprengelii, long-beaked sedge

2008 TREES & SHRUBS

Abies sibirica, Siberian fir

Aesculus xarnoldiana, Arnold buckeye

Juglans microcarpa, little walnut

Phellodendron amurense, Amur corktree

Quercus x undulata, wavyleaf oak

Viburnum hupehense, Hupeh viburnum

Acer leucoderme, chalk maple

Amelanchier utahensis, Utah serviceberry

Magnolia virginiana, sweetbay magnolia

Quercus liaotungensis, Liaotung oak

Sorbus amurensis & *pohuashanensis*, Amur and Oriental mountain ash

Viburnum xpragense 'Decker'

Acer miyabei, Miyabe maple

Betula ermanii, Erman's birch

Nyssa sylvatica, blackgum

Quercus marilandica, blackjack oak

Oriental mountain ash

Xanthoceras sorbifolium, yellowhorn

CHARACTERISTIC (possible criteria)	Print new sheet for each plant evaluated. PLANT NAME:
Site exposure: Full sun, part shade, shade Protected or windy Orientation north/south or east/west Flat or sloped	
Pest or disease damage Control measures needed	
Flowers—none, few, many Start and end of blooming Flower color	
Fruit—none, few, many Start and end of fruiting Fruit color	
Fall foliage color	
Plant height and width	
Soil type—clay, garden loam, sand, rocks Soil Moisture—wet, dry, well-drained	
Overall Evaluation: 1-10 scale, with 10 being best Ornamental Value Comments or personal opinion
